

BlackBerry® Curve™ 8900

Introducing the new BlackBerry® Curve A Design to Be Held.

Practically Perfect

Wi-Fi and GPS

Flexible connections to suit your surroundings. Use Wi-Fi in hotspot areas or your office and home networks for video streaming, downloads and access to company systems. When you need help finding your way, the built-in GPS is designed to work with BlackBerry® Maps and other location-based software to help you get to where you need to be.

Camera

With a 3.2MP camera for ultra-sharp resolutions, alongside auto-focus, image stabilisation and auto-flash, you can snap and send your images via email or MMS instantly. What's more, you can capture the story with the built-in video camera to be viewed time and again on the Curve's media player.

The Ultimate Business Tool

Stay in-touch thanks to BlackBerry - a world-leading Mobile Email solution that provides instant access to business and personal email, attachment viewing/editing* and synchronisation with office tools.

Design and Display

The sleek and slender design of the Curve is perfect for any occasion. With a full QWERTY keyboard and large 2.4inch HVGA screen, the Curve delivers crisp internet browsing, text, maps and video images that are easily navigated.
